Subject: Minnesota Section 404 Assumption Feasibility Study
When: Wednesday, February 07, 2018 1:00 PM-4:00 PM (UTC-06:00) Central Time (US & Canada).
Where: Skype Meeting

To: Minnesota Section 404 Assumption Study Core Group, Stakeholders, Tribal Contacts and Interested Parties
Please see the attached draft of the assumable waters report. As previously noted, we will be meeting on February 7 to present and discuss the report (details below). The main content of the report is pretty much set, but we may add some definitions and a map or two, format it a little better, and clarify a few things if needed. One thing to note:

- Appendix I describes a web site where the full mapping analysis can be viewed. That site is not operational yet due to some technical issues.

The meeting to present and discuss the analysis of assumable waters will be held February 7, 1:00 – 4:00 pm, at the Ramsey County Public Works Facility, 1425 Paul Kirkwold Dr., Arden Hills, Minnesota 55112 (<https://www.ramseycounty.us/content/public-works-facility>). Follow Paul Kirkwold Drive around until it ends at the parking lot and enter through the door near the NE corner of the parking lot.

I've added an option to participate remotely, via the web. Click on the link below to join the meeting. You will need a computer with speakers or a headphone, and a microphone if you wish to verbally join in the conversation. If prompted, select the option for using integrated audio. You can also participate by typing questions or comments in the chat/message box. The advantage of using the computer/web option is that you will be able to see the presentation and any documents. If you are not able to use the computer/web option and need to join by phone only, please let me know ASAP and we may be able to provide a phone option. If so, we will provide the call in number tomorrow or Wednesday morning. Thanks.
